FlashBang Grenade Simulator FLASHBANG GEN 2™

- **Inert**
- **TSC Sensitive. WIDS compliant; no WiFi, Bluetooth or cell phone capability**
- **Fits most load-out pouches**
- **103dB audible feedback**
- **LED strobe visual feedback**
- **Field-replaceable A23 style battery yields 100+ throws without reloading**
- **FindMe™ alarm**

easily in the field with readily-available A23 style battery.

Specifically designed to withstand rigorous environments utilizing extremely durable urethane materials, provides reliable and repeatable operations for indoor, outdoor, day and night training exercises to practice critical timing, repetitive memory and procedural skills where an actual grenade would ordinarily be used.

Technical Surveillance Counter Measures considered, this device does not receive or transmit electronic data via WiFi, Bluetooth or cell phone.

Visual and audible feedback provides non-kinetic grenade simulation via high-intensity LED strobe and powerful siren, powered by off-the-shelf, field-replaceable, A23 style battery.

Simple operation: remove pull ring, and throw. Following a 1.5 second fuse delay, the integral siren and LED strobe will alarm for 4 seconds. Retrieve, replace the pull ring, and the device is ready for another exercise.

internal siren and LED strobe activates 4 seconds. FindMe™ mode provides visual and audible alerts @ 7min intervals until spoon is secured.

ELECTRICAL

Power Required Qty 1, A23 style Miniature Alkaline Battery; nominally 12V 55mAh. Field-replaceable.

Integral PCBA Micro-controlled precise timing, over-current and reverse-polarity protection, and battery holder.

Integral Siren Typically 103 ±5 dB(A) at 15 Vdc at 24 inches (61 cm) at 25°C.

Integral LED Strobe

MECHANICAL

Material Molded Urethane Rubber

Weight TBDgm, TBDlb

Dimensions 38.1mm (1.5in) Dia X 149.25mm (5.9in) High

Color Translucent Yellow body with white spoon. Call for custom colors.

Warranty 1yr

FlashBang Gen 2™ Flash-Grenade incorporates the latest technological advancements making this new generation distraction device the preferred choice meeting stringent training requirements of today's military, law enforcement and security professionals.

FlashBang Gen 2 is Inert, provides consistent (MCU controlled) fuse and run times, offers multiple throws per training session, and reloads
